PERMIT APPLICANT: Rockbridge County Solid Waste Authority

FACILITY NAME AND LOCATION: Rockbridge County Landfill located at 231 Landfill Road, Buena Vista, Virginia and near the junction of State Routes 704 and 831.

PROJECT DESCRIPTION: Rockbridge County Solid Waste Authority has applied for a modification to a permit that allows the Rockbridge County Sanitary Landfill to operate an existing landfill in Buena Vista, Virginia. This modification to the permit would allow revisions to the facility's closure plan, postclosure plan, and gas management plan. The revised closure plan includes modifications of the closures grade to raise the top of landfill elevation, with no change of the landfill footprint, from approximately 1285 feet to approximately 1343 feet resulting in an increase of the remaining landfill capacity, excluding the cap volume, from 144,409 cubic yards to approximately 382,570 cubic yards as of April 23, 2013. The revised gas management plan incorporated the changes of replacing Gas Compliance Probe 15 with Gas Compliance Probe 15A, approved on May 21, 2013, and removing Gas Compliance Probe 18, approved on January 30, 2014, in the gas compliance network.
